

Cable Harness Tester AHT-128

PRODUCT FEATURES & SPECIFICATIONS

Product Features

Thorough Testing

Test for continuity, opens, and miswires, measurement of resistance

Expandable

Up to 1024 points in increments of 128-points

Durable

Test thousands of cables without fear of equipment failure

Fast Testing

Innovative technology and efficient algorithms reduce time spent on testing

Printing

Print to PDF functionality is available

Error Location

Detects error location (which end) for opens and shorts

Compact

Small, lightweight, and self-contained for easy mobility around the production floor

Easy to Learn

No advanced skills or training necessary to begin testing

Test Program Customization

Customize test setup, labels and reports

Find defective, miswired, and intermittent cables instantly

Easily determine the type of error and locate it immediately
